Mounted photograph – 2 old philosophers

Mounted photograph – Emerson Hall, Harvard University philosophers (1981) identified by Prof. Warren Goldfarb on Jan 28, 2019.

As it happens, I wrote an identifying roster for this photo for my Department Chair this past fall. Here it is:

Third row: Israel Scheffler, Roderick Firth. W. V. Quine, Hilary Putnam, Don Garrett, Robert Nozick

Second row: Thomas Blackburn, Steven Strange, Nelson Goodman, John McNees, John Rawls, Stanley Cavell

First row: Michael Ferejohn, Warren Goldfarb, Catherine Elgin, Martha Nussbaum, Michael Rosen

The photo was taken in fall semester 1981. Don Garrett, Thomas Blackburn, Steven Strange and Michael Rosen were all assistant professors. Michael Ferejohn and Kate Elgin were Mellon Faculty Fellows, a one-year visiting position. John McNees was a very senior graduate student who was made a Lecturer for the year. (He never finished his degree.)

Mounted photograph – Heidelberg (with 1994 inscription on back from Michael ~ LeGaiser)
